

FLEXI SQUARE

TAKE A BREAK FROM THE NO9M

CRAFTSMANSHIP AND ENGINEERING ARE AT OUR HEART. WE MAKE THINGS THAT WORK, AND MANUFACTURE INTERESTING AND ENGAGING SOLUTIONS FOR EVERY BREAKOUT SPACE.

We are design led, blending function with form in a creative and stylish way. Our processes ensure consistency, and our innovative use of the latest CNC technology, ensures quality and reliability. We have been doing this for a long time, with an established team of craftsmen. We know how to design and manufacture, quality soft seating products. Value for money products that bring spaces to life. We lead the way in understanding the breakout and collaborative working space, and work with our dealer partners to bring spaces to life.

We are 2020 Furniture, we are break from the norm.

FLEXI SQUARE

Flexi is designed for the modern workplace and learning environments by creating individual work spaces allowing users to concentrate on the task at hand.

Our range of beautifully designed acoustic screens provide great flexibility in creating your perfect working or learning environment. Not only do they allow you to softly divide space but they also offer superb functionality whether you are looking to create a breakout meeting or collaborative space, hot desks, dining areas or something bespoke for you.

With varying heights, shapes, colours and almost countless configurations our Flexi range work great together or as individuals and is the right choice for any project.

5 YFAR - NORMAL FAIR WFAR & TFAR

THIS INCLUDES THE STRUCTURE AND FOAM/PADDING MATERIALS.

FABRICS COVERED BY FABRIC MANUFACTURERS' WARRANTY. USUALLY 5 YEARS. DEPENDANT ON FABRIC CHOICE

EXPECTED LIFE CYCLE OF 15 YEARS

CARE INSTRUCTIONS

General Maintenance

/acuum regularly to remove dust and grit.
Clean spills and stains quickly to prevent them setting in

For appearance retention we recommend regular professional cleaning to give your furniture a longer life

Natural Fabrics

In addition to regular vacuuming, wool and other natural fibres can usually be cleaned using branded upholstery shampoo.

For a deeper clean, it's best that wool be dry cleaned, as over wetting cause shrinkage and change in appearance. Never apply bleach, ammonia, alkali or strong acids to wool upholstery.

Synthetic Fabrics

Vacuuming is the best regular maintenance, followed by speed of action to remove spills and stains rapidly as soon as they occur.

Most synthetic fabrics can be wiped down with a water soaked damp cloth without fear of damaging the fibre or removing the colour.

Stubborn stains can be removed with upholstery shampoo.

Leather

Leather should be regularly dusted with a soft cloth and vaccumed with soft brush extension.

Most types of Anilines can also be treated with specialist products to help preserve, coloue, finish etc..

As leather is natural material, discrepancies in surface texture and 'puddling' in seat areas is to be expected.
